1. Ted, the halls of power, the halls of power will yield to My power. They have been in power but they reign illegitimately. They don't reign in My stead, yielding motives of love and humility and freedom. They yield motives of control and bondage and elevation and domination of themselves over others. Ted, My power, My reign is coming to the halls of power. Ted, legislatures, senates, parliaments, houses of leaders, Knesset's, the world over. You will see and your kids will see and all will see Me move in the halls of power, prominence and prestige.

2. Ted, I am moving and you are reigning and will reign more for you have humbled yourself in Me, before Me, to Me, for others. You have grasped Isaiah 61 and will teach it all over the world to My leaders all over the world, raising up leadership of Me, to Me, for Me, for them.

3. You have yet to witness My over-abundance, but you will, and you will soon. For provision is on its way to you now, even as you have decided and committed to taking the actions necessary to comply with My request to you of this morning, what I said to you this morning.

4. You Ted, will see halls of power and walk in them and wield My power, My power, My love, while affecting many for My love, My peace, and My design for them. Fulfillment, peace, power, fulfillment, peace, power, and places and halls of prominence and prestige. You see Ted, I always exalt those I can exalt. They only limit themselves. I don't limit them and I'm not limiting you. You choose and they choose.

5. I am coming and I am coming now to the leadership who are serious that will lead in joy and freedom, joy and laughter, joy Ted, joy, joy and love. Love has to be the primary motive and the all-encompassing overriding motive of the hearts that come into My presence for all I have for them.

6. I love, I laugh, I reign, and I wield the power that put the stars in place, made water from hydrogen and oxygen, and Ted, put political systems in place. Many are perverted and that's why I'm coming to them like never before.

7. Great conflict. Great war. Great disturbance and great discomfort. But great peace for My people, and opportunities they are yet ready for, yet ready for, most are not ready yet for what I have coming into the realm of their opportunity, if they will but stand up and lead, and walk in the confidence I give them that they've gotten from Me in My chambers, and from My truth, and from My healing them and Me strengthening them. If they are ready, I am ready, and they will walk in halls of power and influence that few even conceive.

8. How can I place them in halls of power Ted, without the character and integrity that's been forged in fires of adversity, and Ted, often lack, and flak, and turmoil, as well as hours spent with Me, listening to Me, My voice, My heart, to know My values, and receive impartation of Me. I can't. I can't Ted. I can, but I choose not to.

9. This is a season of great change and great opportunity for those who will choose Me and choose to receive Me and My intimacy, My heart, My values. Great change. Great change precipitated by events unsurpassed and significant beyond anticipation.

10. Opportunities will fall open before the feet of the prepared.
Opportunities will fall open before the feet of the prepared.
Those prepared will walk in these halls of power Ted, and affect and impact My big world.

11. And I will be so grateful for them giving Me their little world so I could place them in strategic sources of revenue acquisition and distribution, information acquisition and distribution, technology acquisition and distribution, creativity acquisition and distribution, and walk in power, power, power while walking in humility, humility, humility—meekness exemplified—exemplified, painted in portraits, living portraits, in living color, in living power, My power.

12. That's why I want you to raise up, and accelerate your development of schools that will teach the Spirit I am giving you, the life of love, in addition, in foundation, to the other precepts, principles and truths I am imparting. Your schools will network with other schools and synergy will surface and permeate your operations, for they are of Me.

13. I will bring you writers and gifted expertise to curriculum-ize what I have given and what I'm bringing you. You will be online and on dirt floors and tables without fanfare, without fans and without fare.

14. You are freedomizing and globalizing My people and helping them walk in their design, which is My handprint on their hearts.

15. I love you Ted, and I love them. I seek purity. I seek those who will come to Me just as they are, but who want Me, want Me, enough to let Me make Myself known in tenderness and gentleness and cleansing and healing and salving and maturing.

16. Intercession Ted, intercession. Teach My leaders to intercede for My people, for the people they love, for the people they lead, and for the kids of them all. Put everything about leadership and prayer and intercession and the subjects I've addressed with you in groupings that will facilitate the transformation of My truths into their hearts. And teach me with gusto and energy and passion and joy and laughter and power.

17. Let no one think I am always drab, serious, foreboding, distant or arrogant. I am tender. I am love. I am big. I am new. I fly. I light. I am light. I am not darkness. I move and I monitor every heart for any pant that recognizes Me for who I am and then I come more and more, teach, lead and woo.

18. Halls of power Ted, halls of power. Halls of power will many you lead into. Freedomizing, globalize, prayer-ize. Thank you Ted, for lifting the spirits of My people and empowering their confidence to walk in opportunities that will come to them and not shrink back.

19. Networks of power will support and nourish the networkable in halls of power, halls of power, halls of power for those mature, those who know Me, really, really know Me, and seek only to do what I want them to do, walking in freedom, freedom, freedom.
